Employer and industry comments/current labour market

A DEEWR survey of employers who have recently advertised confirms the no shortage rating determined in June 2008 by DEEWR research. Employers filled 78 per cent of their vacancies within 6 weeks, which is down slightly from the 88 per cent fill rate in June 2008, however, most employers reported good pools of suitable applicants and experienced little difficulty recruiting.

Labour Market Outlook

There is no evidence to suggest labour market conditions will change significantly over the next six months.
