## INTRODUCTION

This publication presents statistical information on a monthly basis for the various types of labour market payments delivered by Centrelink largely on behalf of the Department of Employment and Workplace Relations (DEWR). After the Machinery of Government (MOG) changes, announced in October 2004, the responsibility for Newstart Allowance (NSA), Youth Allowance (other) (YA(O)), Mature Age Allowance (MAA), Partner Allowance (PA) and Widow Allowance (WA) was transferred to DEWR and responsibility for Youth Allowance (full-time students) (YA(FTS)) was transferred to the Department of Education, Science and Training (DEST). This publication covers NSA and YA(O) in some detail and, to a lesser extent, MAA, PA, WA, YA(FTS) and YA (Australian Apprentices).

Table 1 provides information on the total number of NSA and YA recipients. The YA population is broken down into YA(FTS), YA (Australian Apprentices) and YA(O) categories. The total numbers of MAA, PA and WA recipients are also provided in this table.

Tables 2 and 3 show the derivation of the NSA and YA(O) jobseeker populations (see the reference to Jobseekers in the 'Comparability of Data' section of the *Explanatory Notes*). These populations are added together to derive the total number of jobseekers.

Tables 4 to 8 provide information on the total jobseeker population.

When using time series figures, it is important to note that changes have occurred over time to the conditions of eligibility for different payments. Details of these changes are provided in the *Explanatory Notes*.

All media inquiries should be directed to the Centrelink National Media Officer on (02) 6284 6442. For more general inquiries regarding further statistical information please refer to the last page of this publication for other contact details.

The next issue of this publication is scheduled for release on 27 December 2006.

## STATISTICAL HIGHLIGHTS - October 2006

### Between October 2005 and October 2006:

Total Newstart Allowance (NSA) recipients and Youth Allowance (other) (YA(O)) recipients **decreased by 1.6%** overall from 548,405 to 539,851

- ◆ by 1.1% for NSA from 475,490 to 470,340 and
- ◆ 4.7% for YA(O) from 72,915 to 69,511.

The number of jobseekers **decreased by 0.4%** overall from 357,203 to 355,782 and

- ◆ increased by 0.6% for NSA recipients from 300,624 to 302,426 and
- ◆ decreased by 5.7% for YA(O) recipients from 56,579 to 53,356.

Long-term jobseekers decreased by 1.3% from 201,678 to 198,967.

Short-term jobseekers increased by 0.8% from 155,525 to 156,815.

Long-term recipients have been on income support for 12 months or more and can be without payment for up to 25 weeks before being reclassified as short-term. This differs significantly from the ABS definition of long-term unemployment (see Appendix).

(a) This table presents data using the revised method of measuring the number of people receiving labour market payments introduced in July 2002. Revised historical data from May 1998 to June 2002 is in Table A (May 1998 - June 2000) and Table 1 (July 2000 - July 2002) of July 2002 publication.

(b) Long-term Newstart allowees are persons who have been receiving income support for 12 months or more.

(c) The number of full time students does not include those who have traded in their entire Youth Allowance entitlement for a loan under the Student Financial Supplement Loan Scheme. The Government announced on 24 April 2003 that no further loans would be issued under this Scheme from 1 January 2004. For further details, refer to the Explanatory Notes at the back of this publication.

(d) Australian Apprenticeships combine employment with structured training to provide a nationally recognised qualification. Australian Apprentices enter formal agreements known as either 'Training Agreements' or 'Contracts of Training' which set out the relationship between the employer and the Australian Apprentice and their respective rights and responsibilities.

(e) February 1994 data has been included for comparison purposes due to the peak in the number of persons receiving JSA/NSA at this point in time.

Note: Most of the figures in this publication are averages and have been rounded. As a result, discrepancies may occur between sums of component items and totals, and in the calculation of variations.

## EXPLANATORY NOTES

### Introduction

This publication provides monthly statistical information on DEWR labour market and related payments administered by Centrelink. These Explanatory Notes provide details of the scope and methodology of the publication, as well as the policy changes which have affected the data since the publication was introduced in December 1995 by the then Department of Social Security (which became FaCS in October 1998).

Prior to December 1995, this publication was titled the '*Monthly Job Search and Newstart Allowance Statistics*'.

### Scope

The primary focus of the publication is to provide information on unemployed people on Newstart Allowance and Youth Allowance, with a particular focus on the total number of jobseekers. The number of people on Mature Age Allowance, Partner Allowance and Widow Allowance are also reported.

### Methodology

Data in this publication relate to the average number of people who are both eligible (eg. meet 'unemployed' qualification) and entitled (eg. meet income and assets criteria) to receive a payment calculated over a reference month. Averages are calculated using figures collected for each Friday throughout the reference month.

Table 1 provides information on the total number of unemployed people on Newstart Allowance and Youth Allowance. The Youth Allowance population is split into Youth Allowance (full-time students), Youth Allowance (Australian Apprentices) and Youth Allowance (other) categories. Numbers of people on Mature Age Allowance, Partner Allowance and Widow Allowance are also provided.

Tables 2 and 3 provide a summary of the Newstart Allowance and Youth Allowance (other) populations and show the derivation of the respective jobseeker populations (see the reference to *Jobseekers* in the Comparability of Data section of these Explanatory Notes). These populations are added together to derive the total number of jobseekers. Tables 4 to 8 provide information on the total jobseeker population.

The earnings data in Table 8 is derived using a different methodology to that of the other tables in the publication. Table 8 is based on the combined population of jobseekers who are eligible for and entitled to receive Newstart Allowance or Youth Allowance (other) at the end of the second last week in the month. Thus, the data obtained from this table will not be directly comparable with those calculated using monthly averages in other tables.

## Payment History

### *Youth Allowance*

From 1 July 1998 Youth Allowance was introduced to provide income support to young people, including students, those looking for work, and those who are sick. Youth Allowees may be undertaking full-time study, full-time job search or a combination of approved activities. Some young people will be exempt from the activity test because of their personal circumstances, eg. illness, homelessness or major personal crisis. The Youth Allowance replaced:

- AUSTUDY for 16-24 year olds (and certain 15 year olds);
- Newstart Allowance for 16-20 year olds (and certain 15 year olds);
- Youth Training Allowance for 16-17 year olds (and certain 15 year olds);
- Sickness Allowance for 16-20 year olds (and certain 15 year olds); and
- More-than-minimum rate Family Payment for secondary students aged 16-18 not getting AUSTUDY.

Youth Allowance recipients are subject to the parental means test. Under previous arrangements, unemployed people aged 18 to 20 were not subject to the parental means test, unlike 18 to 20 year old students.

Special provisions applied for 18 to 20 year olds who were already on Newstart or Sickness Allowance at the date of announcement of Youth Allowance, and who remained on payment when Youth Allowance commenced on 1 July 1998. This group were able to remain on their existing payment and retain their existing benefits.

Youth Allowance had a significant downward effect on Newstart Allowance numbers from July 1998 and total jobseeker numbers due to the parental means test.

### *Newstart Allowance*

From 1 July 1998, Newstart Allowance for 16-20 year olds (and certain 15 year olds) was replaced by Youth Allowance. Young people aged 18 to 20 years old who were on Newstart or Sickness Allowance at the date of announcement of Youth Allowance and when Youth Allowance commenced on 1 July 1998, were able to remain on Newstart Allowance.

From 20 September 1996, Job Search Allowance and Newstart Allowance were combined into one payment – Newstart Allowance – which was payable to eligible recipients aged 18 years and over and to some people who were in receipt of Job Search Allowance and aged under 18 at 31 December 1994 (see *Job Search Allowance*).

Prior to 20 September 1996, Newstart Allowance was payable to eligible persons over 18 years who had been registered as unemployed with the Commonwealth Employment Service (CES) for 12 months or more.

<i>Job Search Allowance</i>	<p>From 20 September 1996, the payment was combined with Newstart Allowance to form one payment called Newstart Allowance. All Job Search Allowance recipients were transferred to Newstart Allowance.</p> <p>Prior to 20 September 1996, Job Search Allowance was payable to eligible persons who had been registered as unemployed with the CES for up to 12 months. It was also payable to eligible persons who were in receipt of Job Search Allowance and under 18 years of age at 31 December 1994. Persons aged 15 to 18 years who were not receiving Job Search Allowance prior to 1 January 1995 commenced on Youth Training Allowance.</p>
<i>Sickness Allowance</i>	<p>From 17 March 1996, persons in receipt of Newstart Allowance or Youth Training Allowance who became temporarily incapacitated no longer transferred to Sickness Allowance after 13 weeks. This change had the effect of increasing total Newstart Allowance/Youth Training Allowance figures but did not affect Jobseeker figures as those recipients who were incapacitated were excluded from the Newstart and Youth Training Jobseeker populations.</p> <p>Under current arrangements, these recipients remain on their existing payments but are exempt from the activity test for the duration of their medical certificates. People who become unemployed because of illness, and those who suffer a potential loss of income due to sickness, are paid Newstart Allowance because they are unemployed.</p> <p>Sickness Allowance for 16 to 20 year olds (and certain 15 year olds) has now been replaced by Youth Allowance, which was introduced on 1 July 1998 (see <i>Youth Allowance</i>).</p>
<i>Partner Allowance</i>	<p>From 20 September 2003, Partner Allowance was closed to new claimants. People on Partner Allowance before this date can remain on the allowance while they remain 'current', that is retain eligibility and entitlement for the allowance.</p> <p>From 1 July 1995 Partner Allowance has only been granted to persons who are dependent partners of pensioners and allowees and who were born before 1 July 1955, have no dependent children and have little or no recent workforce experience. Other dependent partners have to qualify for an income support payment in their own right, such as Newstart Allowance.</p> <p>Partner Allowance was introduced in September 1994, and was paid to partners of persons receiving Job Search Allowance, Newstart Allowance, Sickness Allowance or Special Benefit if certain eligibility criteria were satisfied.</p>
<i>Youth Training Allowance</i>	<p>Youth Training Allowance was replaced by Youth Allowance on 1 July 1998 (see <i>Youth Allowance</i>).</p> <p>From 1 January 1995, eligible persons aged under 18 years who were new entrants to the job search pool were paid Youth</p>

Training Allowance. (People who were in receipt of Job Search Allowance and aged under 18 years at 31 December 1994 continued to be paid Job Search Allowance. From 20 September 1996, those young persons still being paid Job Search Allowance were transferred to Newstart Allowance.)

*Widow Allowance*

Widow Allowance, introduced on 1 January 1995, is payable to females aged 50 years or over who have become widowed, divorced or separated since turning 40 years (50 prior to 20 March 1997), if they meet a number of other criteria relating to current marital status and recent work experience. This has had a slight downwards effect on Newstart Allowance numbers from January 1995.

*Mature Age Allowance*

From 20 September 2003, Mature Age Allowance was closed to new claimants. People on Mature Age Allowance before this date can remain on the allowance while they remain 'current', that is retain eligibility and entitlement for the allowance.

From 1 July 1996, the qualification conditions for Mature Age Allowance changed for new claimants. The requirement for 12 months prior receipt of income support was reduced to 9 months for people transferring from Newstart Allowance and removed entirely for people transferring from non-activity tested payments. The requirement to have been registered as unemployed for 9 months was replaced with a requirement to have no recent workforce experience. Reporting of these new claimants commenced from September 1996.

Mature Age Allowance was introduced on 24 March 1994, and was paid to long-term unemployed persons aged 60 years and over (but below Age Pension age) who had been receiving income support for 9 months or more and who were eligible for Newstart Allowance. The introduction of Mature Age Allowance had a downwards effect on Newstart Allowance numbers from April 1994 until September 2003.

**Comparability of Data**

There have been significant changes to the data presented in this publication due to a number of events. The main changes are:

- the method of counting recipients;
- the inclusion of some CDEP recipients in the total recipient numbers;
- the introduction of Youth Allowance in July 1998;
- the way 'jobseeker' is defined; and
- the way duration is calculated.

People using this data to construct time series should note the following comments.

*Definition of Recipient*

From July 2002, FaCS introduced a new method to more accurately measure the number of people receiving labour market and related payments. For those receiving labour market and related payments, their eligibility and entitlement status is administered by a payment system called Newstart Common Platform System. Within this system recipients who are both eligible and entitled to receive a payment have a determination

status of 'current'. The new method therefore counts these 'current' recipients.

The old method of counting recipients was specified to include all paid recipients – those who received a payment within a given fortnight. As compiled, however, this count excluded, from mid 1998, recipients who received a 'one-off' payment. These can occur, for instance, when a normal payment is interrupted (eg. payment is cancelled and then restored within that pay period) and a portion of the normal payment is paid.

The time series in Tables 1 and 4 reflect the revised method, as does the remainder of the publication. Revised historical data for these time series from May 1998 to June 2002 can be found in the July 2002 publication.

From July 2003 FaCS introduced a more sustainable methodology for this revised recipient count. Due to limitations in available data sources in 2002, the revised recipient count had to be derived through a complicated process. This more sustainable methodology resulted in slight differences from the recipient numbers used in previous editions.

*Community Development  
Employment Projects  
(CDEP)*

From 20 March 2000, eligible participants in CDEP started receiving CDEP participant supplement and other add-ons, such as rent assistance, as part of income support payments. This added a number of new recipients to those who are normally eligible for payments reported in this publication.

*Introduction of  
Youth Allowance*

The sum of the number of Newstart Allowees and Youth Training Allowees prior to July 1998 is broadly comparable with the sum of Newstart Allowees and Youth Allowees (other) after July 1998. There are two main problems in comparing these two series. The first is the exclusion of some 18 to 20 year old unemployed people due to the application of the Youth Allowance parental means test (see the *Youth Allowance* section under Payment History). The second is the inclusion of Sickness Allowees in the Youth Allowance (other) population.

There is greater comparability between total Newstart Allowance and Youth Training Allowance jobseekers prior to July 1998 and total Newstart Allowance and Youth Allowance (other) jobseekers after July 1998. This is because the Sickness Allowance group is excluded from the jobseeker total. The problem, however, of the exclusion of some recipients through the application of the Youth Allowance parental means test still remains.

*Jobseekers*

Prior to July 1998, the jobseeker category was defined by excluding all Newstart Allowees who did not receive a payment, recipients who were incapacitated, and those receiving a payment who were undertaking training. Some people who were not required to engage in job search were classified as jobseekers, including people undertaking full-time voluntary work, people on jury duty and pregnant women around the time of the birth of their child.

From July 1998, the definition of jobseekers has been placed on a sounder conceptual basis. It is now derived for Newstart Allowance and Youth Allowance (other) recipients by excluding all people who did not receive a payment due to their own and/or their partner's income, or where applicable, parental income, and all those known not to be required to search for work. People receiving Intensive Support Customised Assistance under Job Network arrangements are classified as jobseekers although they may not always be undertaking job search. These people negotiate their activity agreement with their Job Network member.

The total number of jobseekers (comparable to pre-July 1998 estimates) is calculated by adding together the number of jobseekers in receipt of Newstart Allowance and Youth Allowance (other) – see the Explanatory Notes on *Youth Allowance*.

*Duration*

Following system changes in May 1998, duration has been defined according to the time a recipient spends on income support – short-term recipients are those who have been on income support for up to 12 months and long-term recipients are those who have been on income support for 12 months or more.

Prior to 1998, duration was defined according to the time a recipient was registered as unemployed – short-term recipients were people who were registered as unemployed for up to 12 months and long-term recipients were people who were registered for 12 months or more.

*Closure of Mature Age and Partner Allowances*

From 20 September 2003, Mature Age Allowance and Partner Allowance were closed to new claimants. People on these allowances before this date can remain on that allowance while they remain 'current', that is retain eligibility and entitlement for the allowance. The majority of people who would previously have claimed these payments will now claim Newstart Allowance.

## APPENDIX

### COMPARISONS BETWEEN DEWR UNEMPLOYMENT LABOUR MARKET PAYMENT NUMBERS AND ABS LABOUR FORCE UNEMPLOYMENT STATISTICS

<b>Official Statistics</b>	Official unemployment statistics are released by the Australian Bureau of Statistics (ABS). The ABS uses definitions recommended by the International Labour Office which have been accepted internationally as the most appropriate for the compilation of official statistics of unemployment.
<b>ABS Definition</b>	The ABS unemployment statistics measure the number of persons who, for a particular reference period, did not undertake any paid work, were actively looking for work and were available to start work.
<b>DEWR Unemployment Labour Market Payment Statistics</b>	The labour market payment statistics give the number of persons who are both eligible and entitled to receive Newstart Allowance or Youth Allowance (other). The criteria for receipt of these payments do not match those the ABS uses to determine whether a person is classed as unemployed or employed for statistical purposes.
<b>Differences</b>	Care should be taken when comparing the ABS labour force and DEWR labour market payment data. There are a number of reasons why the two series cannot be directly compared.
<i>Duration</i>	<p>Both DEWR and the ABS classify long term duration as over 12 months, but use substantially different definitions of duration:</p> <p>DEWR measures duration of <b>income support</b>. This includes not just time on unemployment benefits but time on any income support payment.</p> <p>The ABS measures length of time <b>unemployed</b> using their unemployment definition.</p> <p>DEWR unemployed recipients can have breaks without payment for up to 25 weeks but still be classified long term income support recipients:</p> <ul style="list-style-type: none"><li>- Recipients who do not receive a payment due to their earnings can have up to 12 weeks without a payment before they are automatically cancelled. This reduces disincentives to accept short-term work.</li><li>- Long-term recipients can have another 13 weeks off payment after payment is cancelled and still keep their long-term status if they return to income support. This means they keep access to assistance such as the</li></ul>

Employment Entry Payment and the higher payment rate for recipients over 60.

For the ABS statistics, any hours of work for a period as short as two weeks count as a break from unemployment and so are enough to reset a person's unemployment duration.

The difference between these two concepts, together with the fact that DEWR recipients are able to have ongoing part-time work (see 'employment' below) mean that many unemployed recipients remain classified by DEWR as long-term recipients when they would be classified as short-term unemployed under the ABS definition.

*Seasonal Adjustment*

The ABS produces a seasonally adjusted series. The DEWR labour market payment numbers data are not seasonally adjusted.

*Classification*

The ABS classifies a person as unemployed if he or she is aged 15 years and over, was not employed during the week before the interview, has actively looked for full-time or part-time work and is available to start work. From February 2004, people who had not actively looked for work because they were waiting to start a job within four weeks, are also classified as unemployed.

The Newstart Allowance and Youth Allowance (other) series generally count people who are eligible for and entitled to receive a payment between the ages of 15 years and 64 years in the case of men and 15 to 63 years in the case of women.

*Employment*

Newstart Allowance and Youth Allowance (other) recipients may be employed part-time, but within an income test limit; the ABS classifies a person as "employed" if, among other things, he or she has worked for one hour or more during the survey period.

*Timing*

The timing of collections of the series are different:

DEWR reports monthly average numbers of people both eligible for and entitled to receive Newstart Allowance and Youth Allowance (other). These monthly averages are calculated using figures collected for each Friday throughout the reference month.

ABS numbers are based on a sample interview survey of occupants of selected dwellings covering around 0.5% of the total Australian population. These persons are interviewed during the two weeks beginning the Monday between the 6th and 12th of each month and the information obtained is based on the week before the interview takes place.

<i>Treatment of Partners</i>	The ABS series includes unemployed persons whose spouse is working, irrespective of income, whereas Newstart Allowance and Youth Allowance (other) recipients are subject to an income and assets test for themselves and their spouse.
<i>Pensioners</i>	The ABS series includes persons being paid a pension but looking for work (eg sole parents in receipt of Parenting Payments looking for work).
<i>Non-jobseekers</i>	The overall Newstart Allowance and Youth Allowance (other) series includes persons who are not required to undertake jobsearch. These persons are separately identified in Tables 2 and 3, and have then been excluded in subsequent tables. These people may be undertaking training, the development of self-employment opportunities, full-time voluntary work or a combination of voluntary and part-time work which excludes them from jobsearch obligations. They may also be incapacitated or have another temporary exemption from jobsearch.
<i>Waiting Periods</i>	The ABS series includes persons who are serving a waiting period before being granted Newstart Allowance or Youth Allowance (other), or whose allowance was deferred.
<i>Survey</i>	The ABS figures are derived from a Labour Force Survey which is a sample survey, whereas the DEWR statistics are a complete count of those both eligible for and entitled to receive Newstart Allowance and Youth Allowance (other).
