**Review rating:** *No shortage*

**Employer and industry comments/current labour market**

A survey of employers who recently advertised for human resource managers was undertaken in September 2008; nationally 88 per cent of the surveyed vacancies were filled within six weeks of advertising. This is up from the fill rate of 72 per cent when last fully assessed in May 2008, and reflects that supply of human resources managers is currently sufficient to meet labour market needs.

**Labour Market Outlook**

There are no indications that the labour market for human resource managers will change significantly over the next six months.
