

# SELECTED 2006 CENSUS INDIGENOUS POPULATION DATA FOR NSW LABOUR MARKET REGIONS AND ESAs

## Contents

These tables contain information on characteristics of the Indigenous population such as age, highest schooling, non-school qualification and tertiary students for the following regions and areas:

- Total NSW and Labour Market Regions (LMRs)
- Sydney LMR and its Employment Service Areas (ESAs)
- Hunter and North Coast LMR and its ESAs
- Illawarra and South East NSW LMR and its ESAs
- Riverina LMR and its ESAs
- Western NSW LMR and its ESAs

## Notes

The census data are based on written responses provided by householders and for some items may be particularly subjective.

The data in these tables are based on place of usual residence and are for all Indigenous persons for age groups and for Indigenous persons aged 15 years and over for highest schooling, non-school qualifications and tertiary students.

The data are based on those census returns for which adequate responses were obtained with 6.0 per cent of persons in NSW not stating their Indigenous status. Around 12 per cent of Indigenous persons did not state their highest year of schooling and 14 per cent did not state their level of non-school qualification.

Around 3 per cent of Indigenous tertiary students in NSW did not state whether they were attending on a full-time or part-time basis and hence the sum of full-time and part-time percentages do not sum to 100 per cent for particular areas.

Labour Market Regions and ESAs are those established by DEEWR for the purposes of tendering out employment services under Job Network and are different from those for the Employment Services 2009-12 contract. Data for LMRs and ESAs are approximations based on data for the nearest equivalent Statistical Local Areas and ABS Collection Districts.

Notes: # NSW Total includes areas of NSW which fall within Victorian Labour Market Regions plus those where no region is identified.

\* Highest schooling refer to persons aged 15 years and over and include those still at school but exclude those recorded as did not go to school (one per cent of persons for NSW).

\*\* Other non-school qualification includes Certificate level I & II, Certificate where level was not specified, and where level of qualification was not adequately described.

Percentages may not sum to 100% for a particular area due to rounding. See notes on page one for tertiary students attending full-time and part-time.
